

## Flipchart / Easels

Flipcharts are a highly effective visual communication tool usually consisting of an easel, a backing board, paper pad. Inexpensive, economical, space-efficient and offering true mobility, flipcharts are used extensively to capture information in meetings and brain-storming sessions, and are also very effective in a teaching situation where group learning is appropriate.

Our range of flipchart accessories includes: Folio Contact and Flipchart Paper Pads. All Vista Flipchart Paper Pads are recyclable, biodegradable and Australian Made making them environmentally sustainable and socially responsible.
