

Multimedia Lecterns

Enhance your presentations with the use of a fully functional multimedia lectern.

HEIGHT ADJUSTABLE

With the push of a button, most of our lecterns vertically adjust in a matter of seconds to suit short and tall speakers. Buttons are flush mounted and stylish.

MULTIMEDIA FEATURES

Multimedia lecterns come in the form of simple podium styles to complex wide bay units that provide space and security for all your audio visual devices.

Lecterns easily house computers, dvd players, touch screens, microphones, speakers and amplifiers.

Removable panels, ventilation, cable access and voids, lockable doors, keyboard drawers and adjustable shelves can all be intergrated into the design.

CUSTOM DESIGNS

Lecterns can be designed to meet your specific requirements and budget.

AUSTRALIA WIDE DELIVERY

Jemson's lecterns are used in universities, schools, private businesses and government agencies Australia wide Lecterns are fully assembled and ready to use.

READY TO GO DESIGNS

Below is a sample of the lecterns that can be purchased. Our standard designs can be modified to suit your needs.

BRAND YOUR LECTERN

Personalise your lectern by incorporating your logo into the dsign and enhance it with lighting effects.

 <p>LECT-MM-P1</p>	 <p>LECT-MM-P2</p>	 <p>LECT-MM-P3</p>	 <p>LECT-MM-P4</p>
 <p>LECT-MM-P5</p>	 <p>LECT-MM-P6</p>	 <p>LECT-MM-P7</p>	 <p>LECT-MM-P8</p>
