

PODIUM LECTERNS

Jemson offer modern, stylish and practical podium lecterns designed to be used in auditoriums, class rooms, conference rooms, multi-purpose rooms, outdoor functions or for special purposes. We offer standard designs in solid wood, man made faced boards, perspex / acrylic and stainless steel. We can also provide glass tops and paint finishes.

HEIGHT ADJUSTABLE

With the push of a button, most of our lecterns vertically adjust in a matter of seconds to suit short and tall speakers. Buttons are flush mounted and stylish.

AUDIO VISUAL PACKAGES

Lecterns can be fitted with:

Microphone: Flexible, gooseneck microphone with On/Off switch

Light

Speaker: with a self-contained power amplifier with separate volume controls for mic input, line input and master output, plus bass and treble controls

CUSTOM DESIGNS

Lecterns can be designed to meet your specific requirements and budget..

AUSTRALIA WIDE DELIVERY

Jemson's lecterns are used in universities, schools, private businesses and government agencies Australia wide
Lecterns are fully assembled and ready to use.

READY TO GO DESIGNS

Below is a sample of our lecterns that can be purchased. Our standard designs can be modified to suit your needs.

BRAND YOUR LECTERN

Personalise your lectern by incorporating your logo into the design and enhance it with lighting effects.
