

Lectrum® CTL Model

Controlling everything from lights to sound is convenient and easy with Lectrum® CTL fitted with touch screen control. It makes for smooth, seamless presentations with the presenter in complete control of all functions at the touch of a button.

Timeless, elegant styling combined with state-of-the-art control makes Lectrum® CTL the ideal choice for today's training rooms, conference facilities and board rooms.

Lectrum® CTL models are available for use with AMX® and Creston®

Standard features include:

- * Housing or cut out for touch screen.
- * Dual microphone inputs.
- * Reading light.
