

Projector Mounts

Inclined Telescopic Ceiling Posts

The range of fixed projector mounts feature round posts. With captive nut design and settings for Pan, Tilt and Roll, installation and adjustment is quick and simple.

The Gilkon Inclined Telescopic Round Ceiling Post offers the same features as the Telescopic Ceiling Post with the added benefit of an adjustable ceiling plate which can be adjusted $\pm 30^\circ$ from the vertical. This feature is ideal for sloping ceilings and fixing surfaces.

Standard colour is white.

Choose your mounting plate options:

Custom Design Plate

- Extremely fast to install
- No air intake or exhaust blockage issues
- Low Profile

Universal Plate

- Suits most projectors

Post Assembly Working Range	Post Diameter	Pan, Tilt, Roll	Ceiling Plate	Weight Capacity
527 – 727 mm	57 mm	90° × 4, 60° 24°	150mm outer dia.	25kg
718 – 1078 mm	57 mm	90° × 4, 60° 24°	150mm outer dia.	25kg
1318 – 1678 mm	57 mm	90° × 4, 60° 24°	150mm outer dia.	25kg
1618 – 1918 mm	57 mm	90° × 4, 60° 24°	150mm outer dia.	25kg

Compact Ceiling Post

The ideal choice for a simple, easy projector installation direct onto the ceiling.

Designed to allow air flow in or out.

Length	Post Diameter	Pan, Tilt, Roll	Ceiling Plate	Weight Capacity
110 mm	51 mm	90° × 4, 60° 24°	150mm outer dia.	25kg

Truss Bracket

The most appropriate fixing point for a projector post may be a truss style pipe. An 8MPTRUSS adaptor fits to Gilkon Projector Post top plate. Attach the bracket to the truss for a quick, secure projector installation.

90° Angle Bracket

The most appropriate fixing point for a projector post may be a vertical face. An 8MP90 adaptor fits to Gilkon Projector Post top plate. Attach the bracket to the truss for a quick, secure projector installation.

Projector Mounts Security Cages

Projector Security Cage

The Security Cage is a popular option as a theft deterrent. The Gilkon Security Cage encases most commercial projectors. Fitted with anti-tamper fasteners and lock, the cage can be easily adjusted for screen alignment. Front Panel option accommodated lenses positioned to the left, centre or right. Standard colour is white. Other colour options available on request. Supplied complete with telescopic post. Additional bonus of Pan, Tilt and Roll adjustments are standard.

Gilkon has introduced 3 new standard size cages to provide quicker availability.

Custom sizes are available.
