

Showing a movie at home is all about getting everyone in on the fun. So having the right screen is important. Whether you are watching your favourite movie, sport, or having fun with a Wii®, a Grandview screen will put you right in the middle of the action.

Grandview's range offers all of the features you would expect, and more. Grandview products are packed full of clever features making installation, integration and use so easy. With a Grandview screen as a part of your projection system you'll know why people love the big images for family entertaining.

Australia's favourite range of projection screens.

Home Theatre Lifestyle | Projection Screens for your home

Powdercoated Fixed Frame Screen

Ideal for a home theatre or boardroom needing a screen that's always ready.

Features:

- 65mm bevelled frame with detailing for overall strength/screen integrity.
- Frame is finished in matte-black powdercoat to provide a perfect contrast border.
- Screen is supplied flat packed and is easily assembled – screen material is attached using the patented EzyGrip system. This evenly tensions screen surface.
- Installation onto wall is very simple using the EzyMount strip.
- Projection surface is Plana C.

Flocked Frame Screens

Perfect choice for home theatre.

Features:

- 80mm bevelled frame with detailing for strength.
- Frame is finished in black velvet to provide an absorbent contrast border for the image.
- Screen is supplied flat packed.
- Assembly is simple – screen material is attached with a loop and hook system.
- Unique top and bottom locking bars ensure a straight installation every time.

The **GV Grandview** range is distributed exclusively in Australia by Herma Technologies.
