

Anti-theft

Choose from 0° or 8° tilt.

FEATURES:

ANTI THEFT SECURE MOUNTING

A unique securing method is employed to ensure the screen cannot be removed by unauthorised persons. Once the screen is positioned on the wall plate a discrete locking rod slides neatly between the mounting brackets and the wall plate. Once in place a padlock (not included) can be fitted to the end of the locking rod making removal of the screen virtually impossible.

UNIVERSAL

Easily attaches to most 37" to 80" LED/LCD and Plasma screens weighing up to 75kgs using the supplied hardware kit and without the need for special tools. The slim design allows the screen to sit just 35mm from the wall sufficient to accommodate HDMI, power and other cables that attach to the TV.

STRONG AND ATTRACTIVE

Heavy gauge steel construction is powder coated in an attractive black finish. The stylish and unobtrusive design fits easily into any environment.

QUALITY

The Venturi VP-F80 Wall Bracket is made from quality materials and is covered by a ten year warranty.

PACKAGE INCLUDES:

Universal mounting brackets x 2, tilt brackets x 4, locking rod, wall mounting plate, mounting hardware and assembly instructions.
