

Standard video tray
The video tray is a standard attachment for CF100. This video tray enables to adjust height vertically freely within the slot for perfect video conference position.

Integrated cable management system
Internal cable management allows cables and wires to be routed inside the column for clean, clutter-free look.

Stability enhancing designed
Unique extension base design improved stability either during maneuvers of the cart or stationary stood at side. It shrinks packaging to a smallest size to reduce your shipping costs.

Adjustable AV shelf height
This AV shelf holds AV components and accessories up to 25lbs (11.4kg).

Swivable caster brake wheels
Carts come with 4" swivable caster brake wheels provide you with easy maneuvers to any direction and position.
